When you think of overcoming adversity and making dreams come true, think of Jaimie Engle. After her publisher disappeared a month before release date, Jaimie Engle was forced to launch her first novel on her own. She has faced an upward battle in publishing with incredible victories along the way to include prestigious awards, brick and mortar book signings, and sharing the stage with some of the industry's biggest names in children's books. In 2021, Jaimie switched gears to writing for film and television. She wrote and coproduced the film "Just Jake" distributed through UpTV Network and has multiple deals with major studios in development including DreamWorks Animation Studios.
